#### **EXECUTIVE MEMORANDUM**

MEMO NO. 12-01

TO: All Department Heads

SUBJECT: Revised FY 12 Allocations for General Funds (Amendment to Executive

Memorandum No. 11-10, FY 12 Budget Execution Policies and

*Instructions*)

Although Hawaii's economic recovery has been steady, the Council on Revenues (COR) revised its FY 12 general fund tax revenue growth rate downward from 14.5% to 11.5% at its January 5, 2012 meeting. The COR also maintained its projection of 6.5% growth for FY 13 but lowered the FY 16 growth rate from 5% to 3%, leaving the remaining fiscal years unchanged.

As a result of the lowered forecast for FY 12, it is anticipated that general fund revenues will be about \$130 million less than previously anticipated this fiscal year. In that light, we must continue to be mindful of the current national and European economic uncertainties which could impact Hawaii. Consequently, we must take action now to ensure a balanced budget, as is prudent and required by the State Constitution.

Effective immediately, FY 12 general fund allocations for all Executive Branch departments and agencies are restricted by an amount equal to 1.5% of discretionary operating expenses from general funds. Additionally, furlough savings amounts from FY 11, but realized in FY 12 due to the payroll lag, are also restricted.

The revised Exhibit 1 contains each department's revised funding allocation for FY 12. Departments shall submit their revised Requests for Allotments (Form A-19) to reflect the changes to the Department of Budget and Finance by February 10, 2012.

Although there will be no changes to our budget execution policies, I expect that you will exercise the necessary discipline to control and reduce government expenditures. Through our continued shared sacrifice and collaboration, we will overcome the challenges ahead.
