

GOV. MSG. NO. 542

EXECUTIVE CHAMBERS  
HONOLULU

LINDA LINGLE  
GOVERNOR

March 30, 2009

The Honorable Colleen Hanabusa  
President of the Senate  
Twenty-Fifth State Legislature  
State Capitol  
Honolulu, Hawaii 96813

Dear Madam President:

Transmitted herewith is a proposed bill draft for immediate passage to amend the FY 09 Executive Budget (Act 213, SLH 2007, as amended by Act 158, SLH 2008). This draft includes:

- Departmental requests for federal stimulus funds in the American Recovery and Reinvestment Act of 2009 (ARRA) for FY 09. The draft also contains corresponding general fund reductions to certain programs that receive offsetting federal funding available under the ARRA to help address the State's budget shortfall in FY 09.
- Non-ARRA related adjustments to appropriate increased federal TANF funding that Hawaii recently qualified for in FY 09. This is necessary because appropriation of the TANF funds is a federal requirement.
- Requests for additional FY 09 funding for HTH 420, Adult Mental Health – Outpatient program, of \$10 million, \$1.86 million in ARRA Federal Medical Assistance Percentage (FMAP) through the Department of Human Services (DHS) funds and \$8.14 million in general funds, and for HTH 210, Hawaii Health Systems Corporation, of \$14 million in general funds to meet program requirements for FY 09.

A budget message will be sent under separate cover to request the necessary ARRA, general fund and TANF adjustments for FY 2009-11.

These requests reflect the amounts of the ARRA stimulus funding that are known at this time. For competitive grants, or where amounts are still uncertain, departments will request my approval to increase federal fund expenditure ceilings in a manner comparable to current procedures for non-appropriated federal funds.

Please note that we have not referenced a specific bill to be used as a vehicle for these FY 09 amendments. We ask for your assistance in identifying an appropriate bill for this purpose. When such a bill has been found, please notify my office so that I can make the formal immediate passage notification.

Your favorable consideration is requested for the attached budget items:

Operating:

Department of Business, Economic Development and Tourism:

Add \$6,090,000 in federal stimulus funds in FY 09 for the strategic industries program (BED 120) for state energy programs and energy efficiency and conservation block grants.

Department of Education:

1. Add \$90,852,000 in federal stimulus funds in FY 09 for the School-Based Budgeting program (EDN 100) to reflect allocation of the State Fiscal Stabilization Funds under the ARRA, and decrease general funds by the same amount to help address the State's budget shortfall in FY 09.
2. Add \$16,587,184 in federal stimulus funds in FY 09 for the School-Based Budgeting program (EDN 100) to reflect additional No Child Left Behind Title I grants.
3. Add \$20,493,170 in federal stimulus funds in FY 09 for the Comprehensive Student Support Services program (EDN 150) to reflect additional Individuals with Disabilities Education Act (IDEA) Part B Grants to States and IDEA Part B Preschool Grants. The funds will be used to improve student achievement through school improvement and reform, and to ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education.
4. Add \$173,154 in federal stimulus reimbursement funds from DHS in FY 09 for the Comprehensive Student Support Services program (EDN 150) to reflect increased FMAP funds for deposit into the program's revolving fund, and decrease general funds by the same amount to help address the State's budget shortfall in FY 09. The increased FMAP funding is due to a temporary increase in the percentage from 55.11% to 66.13% under the ARRA formula.

5. Add \$348,600 in federal stimulus funds in FY 09 for the School Support program (EDN 400) to reflect additional federal funding for the National School Lunch program.

Department of Health:

1. Add \$9,813,478 in interdepartmental transfer funds in FY 09 for the Developmental Disabilities program (HTH 501) to reflect increased FMAP reimbursement funds from DHS under the ARRA, and reduce general funds by the same amount to help address the State's budget shortfall in FY 09.
2. Add \$1,861,500 in special funds and \$8,138,500 in general funds in FY 09 for the Adult Mental Health – Outpatient program (HTH 420) to reflect increased FMAP reimbursement funds from DHS under the ARRA and increased general fund support to meet program requirements.
3. Add \$1,979,666 in special funds in FY 09 for the Child and Adolescent Mental Health program (HTH 460) to reflect increased FMAP reimbursement funds from DHS under the ARRA, and decrease general funds by the same amount to help address the State's budget shortfall in FY 09.
4. Add \$485,000 in federal stimulus funds in FY 09 for the Executive Office on Aging program for congregate and home delivered senior meals programs.

Department of Health – Hawaii Health Systems Corporation:

Add \$14,000,000 in general funds in FY 09 for the Hawaii Health Systems Corporation program (HTH 210) to meet program requirements.

Adds a new Section 46.2, which specifies the expenditure of the \$14,000,000 in general funds appropriated to the Hawaii Health Systems Corporation.

Department of Human Services:

1. Add \$1,124,575 in federal stimulus funds in FY 09 for the Vocational Rehabilitation program (HMS 802) for vocational rehabilitation and independent living programs.
2. Add \$500,000 in federal stimulus funds in FY 09 for the General Support for Child Care program (HMS 302) to enhance the existing quality care contracts, including the infant and toddler scholarships, to comply with the ARRA requirements.
3. Add \$1,705,010 in federal stimulus funds in FY 09 for the Child Protective Services Payments program (HMS 303) to reflect increased FMAP funding under the ARRA. The funds will be used for additional foster care services.
4. Add \$2,600,000 in federal stimulus funds in FY 09 for the Cash Support for Child Care program (HMS 305) for child care subsidies to meet program requirements in FY 09.

5. Add \$3,000,000 in federal funds in FY 09 for the Cash Support for Families-Self-Sufficiency program (HMS 211) to increase the federal TANF ceiling so that children can be cared for in their own homes or in the homes of relatives and for associated eligibility determination costs. This request is not ARRA-related and is designated as an "N" fund ceiling increase because TANF funds need to be appropriated pursuant to federal regulations.
6. Add \$2,166,888 in federal stimulus funds in FY 09 for the Homeless Services program (HMS 224) for rent, security deposits, utilities, and other housing expenses for the Counties of Kauai, Hawaii, and Maui.
7. Add \$106,798,179 in federal stimulus funds in FY 09 for the Health Care Payments program (HMS 401) to reflect increased FMAP funding under the ARRA, and reduce general funds by \$92,970,831 to help address the State's budget shortfall in FY 09. [Note: The difference between the increased FMAP amount and the general fund reduction is due to FMAP reimbursements being transferred to DOH and DOE. Corresponding general reductions are being made to DOH and DOE programs with the exception of the Adult Mental Health - Outpatient program.]
8. Add \$10,000,000 in federal funds in FY 09 for the General Support for Self-Sufficiency Services program (HMS 903) to enable DHS to receive and expend TANF contingency funds through the Deficit Reduction Act of 2005 (TANF authorization bill). Hawaii has met the "needy state" trigger for high food stamp caseloads. This request is not ARRA-related and is designated as an "N" fund ceiling increase because TANF funds need to be appropriated pursuant to federal regulations.
9. Add \$25,550,000 in federal stimulus funds in FY 09 for the General Support for Self-Sufficiency Services program (HMS 903) for increased expenditures for the Supplemental Nutrition Assistance program and TANF program that qualify for the temporary contingency fund established in ARRA.

Department of Labor and Industrial Relations:

Add \$34,000,000 in federal stimulus funds in FY 09 for the Unemployment Insurance program (LBR 171) to accommodate increased unemployment insurance benefit payments under the ARRA.

Department of Transportation:

1. Add \$11,000,000 in federal stimulus funds in FY 09 for the Hawaii Highways program (TRN 511) for highways special maintenance projects.
2. Add \$3,200,000 in federal stimulus funds in FY 09 for the Kauai Highways program (TRN 561) for highways special maintenance projects.

University of Hawaii:

Add \$29,449,741 in federal stimulus funds in FY 09 for the University of Hawaii, System Wide Support program (UOH 900) to reflect allocation of the State Fiscal Stabilization Fund under the ARRA, and decrease general funds by the same amount to help address the State's budget shortfall in FY 09.

CIP:

Department of Agriculture:

Upcountry Maui Watershed, Maui

Add \$550,000 in federal stimulus funds for construction in FY 09 for the Upcountry Maui Watershed Project in Kula.

Lower Hamakua Ditch System, Hawaii

Add \$1,800,000 in federal stimulus funds for construction in FY 09 for improvements to the lower Hamakua ditch system, including flood mitigation improvements.

Department of Hawaiian Home Lands:

NAHASDA Development Projects (ARRA), Statewide

Add \$10,200,000 in federal stimulus funds for plans, design and construction in FY 09 for various Hawaiian homestead projects and improvements, statewide.

Department of Human Services:

Lump Sum CIP – ARRA HUD Stimulus Renovations, Statewide

Add \$16,245,443 in federal stimulus funds for construction in FY 09 for non-routine repairs and maintenance, improvements and renovations, statewide.

Department of Transportation:

Seismic Retrofit of Various Bridges, Statewide

Add \$1,800,000 in federal stimulus funds for construction in FY 09 for seismic retrofit improvements for various bridges, statewide.

Kamehameha Highway, South Punaluu Bridge Replacement, Oahu

Add \$17,000,000 in federal stimulus funds for construction in FY 04 (amends prior biennium Act project) for replacement of South Punaluu Bridge.

Honolulu International Airport, Inline Baggage System Improvements, Oahu

Add \$25,000,000 in federal stimulus funds for construction in FY 07 (amends prior biennium Act project) for inline baggage system improvements including explosive detection systems, baggage belt conveyors and other related improvements.

Kahului Airport, Inline Baggage System Improvements, Maui

Add \$11,000,000 in federal stimulus funds for construction in FY 07 (amends prior biennium Act project) for inline baggage system improvements including explosive detection systems, baggage belt conveyors and other related improvements.

Structural Improvements to Airfield Paving, Statewide

Add \$15,000,000 in federal stimulus funds for construction in FY 07 (amends prior biennium Act project) for structural improvements to runways, taxiways and aprons at statewide airports.

Provisos:

1. Amends Section 167, which authorizes the Governor to approve expenditure of non-appropriated federal funds, to clarify that the Governor can approve both operating and capital improvement federal grants. This amendment is being proposed to remove any ambiguity on the Governor's authority to approve expenditure of non-appropriated federal funds.
2. Adds a new Section 167.1, which specifically authorizes the Governor to approve expenditure of non-appropriated federal stimulus funds. This amendment also includes a reporting requirement.

New MOF Designation Proviso:

Amends Section 2 by adding a new definition for MOF "V" federal stimulus funds.

Honorable Colleen Hanabusa

Effective Date:

The proposed effective date of the bill draft is May 1, 2009. This date was chosen (rather than upon approval) to allow agencies sufficient time to submit the necessary ARRA applications for stimulus funding so that the federal funds are available when the corresponding general fund reductions take effect.

Your staff may contact the appropriate agency for additional information. Your understanding and assistance is appreciated.

Sincerely,

LINDA LINGLE

# A BILL FOR AN ACT

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. This Act is recommended by the governor for  
2 immediate passage in accordance with section 9 of article VII of  
3 the Constitution of the State of Hawaii.

4           SECTION 2. The purpose of this Act is to amend Act 213,  
5 Session Laws of Hawaii 2007, as amended by Act 158, Session Laws  
6 of Hawaii 2008, to:

7       (1) Appropriate federal funds to various programs that are  
8           expected to receive funding during fiscal year 2008-2009  
9           under the federal American Recovery and Reinvestment Act of  
10          2009 (Recovery Act) to promote openness and transparency in  
11          use of the funds for fiscal year 2008-2009;

12       (2) Correspondingly reduce general fund appropriations for  
13          certain programs that receive offsetting federal funding  
14          for fiscal year 2008-2009 under the Recovery Act to address  
15          the general fund revenue shortfall for fiscal  
16          year 2008-2009;

17       (3) Appropriate additional federal Temporary Assistance for  
18          Needy Families (TANF) funds for fiscal year 2008-2009 that

\_\_\_\_.B. NO. \_\_\_\_\_

1 the state recently qualified for under the federal Deficit  
2 Reduction Act of 2005 as required by federal regulations;  
3 (4) Appropriate additional general funds for fiscal  
4 year 2008-2009 to the adult mental health - outpatient  
5 program (HTH 420) to meet program requirements; and  
6 (5) Appropriate additional general funds for fiscal  
7 year 2008-2009 to the Hawaii health systems corporation  
8 program (HTH 210) to meet program requirements.

9 Many unprecedented events have converged to create an  
10 economic, financial, and fiscal environment that threatens the  
11 very foundation of our national economy. For state governments,  
12 the financial crisis and economic downturn have adversely  
13 affected tax revenues and budgets. The impact on Hawaii has  
14 been a severe reduction in projected general fund revenues for  
15 fiscal year 2008-2009 through fiscal biennium 2009-2011 by  
16 \$2.1 billion over the period of one year. Based on the council  
17 on revenues' March 2009 projections, the state is faced with a  
18 general fund revenue shortfall of \$430,500,000 in fiscal  
19 year 2008-2009 if corrective action is not taken.

20 The federal American Recovery and Reinvestment Act of 2009  
21 was enacted to provide a necessary boost to the U. S. economy  
22 and to help struggling states in these difficult times. Two

Stimulus Immediate Passage bill

\_\_\_\_.B.NO.\_\_\_\_

1 provisions in particular directly help states by making  
2 available federal funding that can be used as replacement for  
3 state general revenues for education and Medicaid.

4 Title V, State Fiscal Relief, of the Recovery Act  
5 temporarily increases the federal medical assistance percentage  
6 (FMAP) which permits states to reduce their share of Medicaid  
7 costs. Preliminary calculations under the new, temporary  
8 Title V FMAP formula indicate that Hawaii would receive an  
9 additional \$315.8 million of federal funds over the period from  
10 fiscal years 2008-2009 through 2011. In fiscal year 2008-2009,  
11 the increased FMAP funding would amount to \$106.8 million, which  
12 can be used to offset fiscal year 2008-2009 general fund  
13 appropriations of the health care payments program (HMS 401) of  
14 the department of human services, the developmental disabilities  
15 program (HTH 501) and child and adolescent mental health program  
16 (HTH 460) of the department of health, and the comprehensive  
17 student support services program (EDN 150) of the department of  
18 education.

19 Title XIV, State Fiscal Stabilization Fund, of the Recovery  
20 Act creates a temporary funding program through the U. S.  
21 Department of Education to help states support elementary,  
22 secondary, and postsecondary education over the period from

\_\_\_\_.B. NO. \_\_\_\_\_

1 fiscal years 2008-2009 through 2011. Initial information from  
2 the National Association of Governors indicates that Hawaii's  
3 share of the State Fiscal Stabilization Fund will be  
4 \$192.2 million. Preliminary calculations based on the  
5 provisions of Title XIV indicate that \$120.3 million can be used  
6 to offset fiscal year 2008-2009 general fund appropriations for  
7 the school-based budgeting program (EDN 100) of the department  
8 of education and the university of Hawaii system wide support  
9 program (UOH 900) of the university of Hawaii.

10 The Recovery Act also temporarily increases federal support  
11 to states for:

- 12 (1) Energy initiatives through allocations in the strategic  
13 industries program (BED 120) of the department of business,  
14 economic development and tourism for state energy programs  
15 and energy efficiency and conservation block grants;
- 16 (2) Water systems development through allocations in the  
17 agricultural resource management program (AGR 141) of the  
18 department of agriculture for capital improvements;
- 19 (3) Unemployment insurance through increased allocations in the  
20 unemployment compensation program (LBR 171) of the  
21 department of labor and industrial relations for increased  
22 unemployment insurance benefit payments;

\_\_\_\_.B. NO. \_\_\_\_\_

- 1 (4) Vocational rehabilitation through increased allocations in  
2 the vocational rehabilitation program (HMS 802) of the  
3 department of human services for vocational rehabilitation  
4 and independent living programs;
- 5 (5) Transportation through increased allocations in the Hawaii  
6 highways program (TRN 511) and Kauai highways program  
7 (TRN 561) of the department of transportation for highway  
8 special maintenance, in the Oahu highways program (TRN 501)  
9 and highways administration program (TRN 595) of the  
10 department of transportation for capital improvements, and  
11 in the Honolulu international airport program (TRN 102),  
12 Kahului airport program (TRN 131) and airports  
13 administration program (TRN 195) of the department of  
14 transportation for capital improvements;
- 15 (6) Social services through increased allocations in the  
16 general support for child care program (HMS 302), in the  
17 child protective services payments program (HMS 303), cash  
18 support for child care program (HMS 305) and general  
19 support for self sufficiency services program (HMS 903) of  
20 the department of human services for payments to eligible  
21 clients and associated program expenditures;

\_\_\_\_.B. NO. \_\_\_\_\_

- 1 (7) Public housing through increased allocations in the rental  
2 housing services program (HMS 220) of the department of  
3 human services for public housing capital improvements and  
4 in the homeless services program (HMS 224) of the  
5 department of human services for non-routine repairs and  
6 maintenance of the public housing inventory and homeless  
7 prevention initiatives;
- 8 (8) Native Hawaiian homesteads through allocations in the  
9 planning and development for Hawaiian homesteads program  
10 (HHL 602) of the department of Hawaiian home lands for  
11 capital improvements;
- 12 (9) Support for elders through increased allocations in the  
13 executive office on aging (HTH 904) for congregate meals  
14 and home delivered meals; and
- 15 (10) Education through increased allocations in the  
16 comprehensive student support services program (EDN 150) of  
17 the department of education for No Child Left Behind  
18 Title I grants, Individuals with Disabilities Education Act  
19 part B grants, Individuals with Disabilities Education Act  
20 part B preschool grants, and in the school support program  
21 (EDN 400) of the department of education for the National  
22 School Lunch program.

\_\_\_\_.B. NO. \_\_\_\_\_

1           The federal Deficit Reduction Act of 2005 authorizes an  
2 enhanced level of federal TANF funding if a state qualifies as a  
3 "needy state" in terms of high food stamp case loads. Hawaii  
4 recently qualified as a "needy state" and is eligible to receive  
5 enhanced federal funding for fiscal year 2008-2009. However,  
6 federal regulations require that the state appropriate the TANF  
7 funds before they can be used.

8           The increased federal FMAP funding for Medicaid  
9 correspondingly reduces general fund costs thereby freeing up  
10 some general funds in fiscal year 2008-2009 for use to address  
11 increased program requirements in the adult mental  
12 health - outpatient program and the Hawaii health systems  
13 corporation program. Both of these programs provide critical  
14 health services to the public and are experiencing difficult  
15 challenges in meeting program requirements with their present  
16 level of funding.

17           The immediate passage of this appropriation is necessary  
18 to: promote openness and transparency in the use of federal  
19 Recovery Act funds for fiscal year 2008-2009; address the  
20 general fund revenue shortfall for fiscal year 2008-2009;  
21 authorize TANF funds for fiscal year 2008-2009 as required by  
22 federal regulations; and meet fiscal year 2008-2009 program

1 requirements of the adult mental health - outpatient program and  
2 the Hawaii health systems corporation program.

3 SECTION 3. Part I, Act 213, Session Laws of Hawaii 2007,  
4 as amended by Act 158, Session Laws of Hawaii 2008, is amended  
5 by amending section 2 to read as follows:

6 "SECTION 2. DEFINITIONS. Unless otherwise clear from the  
7 context, as used in this Act:

8 (a) "Program ID" means the unique identifier for the specific  
9 program, and consists of the abbreviation for the  
10 organization responsible for carrying out the program,  
11 followed by the organization number for the program.

12 (b) "Expending agency" means the executive department,  
13 independent commission, bureau, office, board, or other  
14 establishment of the state government (other than the  
15 legislature, office of Hawaiian affairs, and judiciary),  
16 the political subdivisions of the state, or any  
17 quasi-public institution supported in whole or in part by  
18 state funds, which is authorized to expend specified  
19 appropriations made by this Act.
