Narrative for Supplemental Budget Requests FY 15

Program ID: UOH 210

Program Structure Level: 07 03 03 Program Title: University of Hawaii, Hilo

A. Program Objective

To develop eligible individuals to higher levels of intellectual, personal, social, and vocational competency, by providing occupational, general academic and professional training leading to certificates and degrees.

B. <u>Description of Request</u>

Increase the special fund expenditure ceiling by \$2,000,000 for the Tuition and Fees, Student Scholarship and Assistance, and Revenue Undertaking special funds.

Increase the revolving fund expenditure ceiling by \$1,500,000 for the Student Activities, and Research and Training revolving funds.

Transfer 1.50 FTE general funded positions from the University of Hawaii at Mānoa which was inadvertently omitted from the Governor's Message to the 2013 Legislature.

Transfer of \$200,000 in general funds from the University of Hawaii System in support of the Office of Mauna Kea Management as appropriated in Act 180, SLH 2010.

Transfer of \$664,951 in general funds from the University of Hawaii System for the Furlough Labor Savings for Salary Snapback.

\$28,000,000 in GO Bond Funds and \$5,000,000 in Revenue Bond Funds for the construction of a new instructional facility for the Daniel K. Inouye College of Pharmacy.

C. Reasons for Request

The special fund ceiling increase is necessary due to the increase in tuition scholarship costs and cost to provide student services, instructional programs and infrastructure support. It is also necessary to fund the increased costs of operating the new student residence hall.

The revolving fund ceiling increase will enable UH Hilo to provide the support for research administration and development and also support the activities of the Student Life Center, Board of Student Publications, Student Association, Student Activities Council and other student related programs.

In January 2013, UH President Greenwood authorized the transfer of 12.00 positions from UH Mānoa to UH Hilo. However, the Governor's message to the 2013 Legislature reflected the transfer of only 10.50 positions. This request is to transfer the remaining 1.50 positions.

The Office of Mauna Kea Management is responsible for oversight of Mauna Kea. Funding is necessary in order to continue implementation of the Comprehensive Management Plan (CMP).

Narrative for Supplemental Budget Requests FY 15

Program ID: UOH 700

Program Structure Level: 07 03 05

Program Title: University of Hawaii, West Oahu

A. Program Objective

The University of Hawai'i - West O`ahu (UHWO) is a four-year, comprehensive university with an emphasis on providing a high-quality, baccalaureate education founded in the liberal arts and supporting professional, career-related, and applied fields based on State and regional needs. UHWO provides access to residents throughout the State of Hawai'i through its partnerships with the University of Hawai'i community colleges and its use of technology and innovation to deliver distance education programs. UHWO's goal is to become the post-secondary educational institution of choice by creating an exceptional 21st century learning environment through a variety of support services, activities and resources that supplement academic programs and enriches the "whole" student life experience

B. Description of Request

UHWO requires an additional 89.5 general funded positions count to operate and maintain its new Kapolei campus, meet its academic program and student support needs, and provide a safe, secure environment for students, faculty, staff, and the community.

UHWO also requires \$2,000,000 in general obligation bonds to complete planning and design for a Science, Technology, and Creative Media Facility. This building will include classrooms, production facilities, and other related spaces to accommodate media, cyber security, and STEM programs.

C. Reasons for Request

The 89 requested positions include 62 conversions from currently filled temporary to permanent positions for faculty, student support, and facilities and grounds personnel. 12 of the 62 conversions are for existing Title III positions, which are critical for student success and retention that terminate in 2014. The 27 new positions are required to fill additional academic affairs, student services, and campus security and maintenance positions. In Fall 2013, enrollment grew by 19% to nearly 2,400 students. These positions are critical to support students with the courses, services, and facilities necessary to meet the continuing double digit enrollment growth faced by UHWO.

The 0.5 position count is to meet the amount authorized for transfer from Mānoa to West O`ahu in 2013 that was inadvertently missed.

D. Significant Changes to Measures of Effectiveness and Program Size

None.

Narrative for Supplemental Budget Requests FY 15

Program ID: UOH 800

Program Structure Level: 07 03 06

Program Title: University of Hawaii, Community Colleges

A. Program Objective

To develop eligible individuals to higher levels of intellectual, personal, social, and vocational competency by providing formal vocational and technical training and general academic instruction for certificates or degrees, or in preparation for the baccalaureate; and by offering adult continuing education for both personal and vocational purposes.

B. Description of Request

Request a transfer of 1.00 FTE general fund position count from UOH 100 to UOH 800.

Request a general fund transfer of \$1,789,658 from UOH 900 to UOH 800 for the restoration of labor savings pursuant to collective bargaining agreements.

Request \$800,000 in general funds for outcomes based funding.

C. Reasons for Request

The transfer of the position count is necessary to reflect a FTE reallocation between the UH Manoa College of Tropical Agriculture and Human Resources (CTAHR) and Kapiolani Community College.

The labor savings adjustment is necessary to reflect payroll costs under current collective bargaining agreements.

The outcomes based funding adjustment is necessary to align the Community Colleges with the needs of the State and University's Systemwide Strategic Plan, while incentivizing campuses to continually improve and succeed.

Narrative for Supplemental Budget Requests FY 15

Program I.D.: UOH 900

Program Structure Level: 07 03 07

Program Title: University of Hawaii, Systemwide Support

A. Programs Objectives

To facilitate the operation of the institution as an organization providing executive management; fiscal; logistical; career and technical education; student assessment; and other related student, academic, and administrative support services across the ten-campus University of Hawaii (UH) System. Also to plan and administer certain postsecondary education programs funded by the Federal government.

B. Description of Request

The total UOH 900 Executive Supplemental Budget request for FY 2014-15 is a net increase of \$29,142,312 and nine FTE positions in general funds in Operating Budget for the following items:

- \$14,000,000 for UHPA Salary Restoration.
- \$19,500,000 for UHPA Salary Increases.
- \$800,000 for the 21st Century Education Initiative that increases degree offering via distance and online, increased interaction between teacher and student, support faculty initiatives that increase educational capacity, and increase system wide collaboration.
- \$600,000 for an Indigenous-Serving University with support to the Puko'a Council and Na Pua No'eau.
- \$800,000 for Hawaii Research and Innovation Initiative to form a new UH Center for Data Intensive Science (CDIS).

The total UOH 900 Executive Supplemental Budget request for FY 2014-15 in CIP funds is a total of \$54,000,000 in general funds, a net \$6,000,000 in General Obligation Bonds, and \$197,990,000 in Revenue Bonds for the following items:

- \$25,000,000 CIP general funds for Capital Renewal Projects.
- \$9,229,000 in General Obligation Bonds for CIP Health, Safety and Code Requirements.
- \$25,771,000 in General Obligation Bonds for CIP Capital Renewal Projects.
- \$197,990,000 Revenue Bonds for CIP Deferred Maintenance.
- A change in means of finance for CIP Health, Safety, and Code Requirements approved in Act 134, SLH 2013, from General Obligation Bonds of \$29,000,000 to General Funds.
- Request a reduction of \$6,357,688 in System funds and redistribute to each campus to cover Collective Bargaining agreements to snapback employee salaries beginning 7/1/13.
- Request a reduction of \$200,000 Mauna Kea Management funds in System to UH Hilo who provides the administrative support to the Office of Mauna Kea Management.
- Transfer in nine FTE position counts from Mānoa to the Vice President of Research and Innovation.

C. Reasons for Request

For the UHPA salary restoration and increase, since ratification of the 6-year UHPA contract in 2009, general funding has never been provided by the

Legislature to meet the salary terms within the contract. Therefore, the University has covered these salary terms using tuition and fees, which has resulted in increased tuition rates and educational costs that have been carried entirely by students. Additionally, the University's deferred maintenance backlog has grown exponentially and has surpassed \$480 million dollars, significantly hampering the experiences and efforts of students and faculty alike. To provide adequate and attractive facilities for current and future students and faculty, the University has developed this plan to aggressively address the backlog while also reducing the financial burdens on students.

The 21st Century Education Initiative, Indigenous Serving University, and Hawaii Research and Innovation Initiative request are all aligned with the University's Strategic Initiatives. These requests are: 1) To increase strategic offerings of degrees and certificates via distance and online delivery; to focus on individualization, high-quality teacher interaction, and increased student engagement and learning through new and innovative educational technologies; to support faculty initiatives to increase educational capacity without proportional increases in costs to campuses and students; and to increase system wide collaboration, sharing and efficiencies among faculty across campuses; 2) To advance the University's mission to become a model indigenous-serving University and to further the efforts of the Pūko'a Council which focuses on the recruitment and retention of Native Hawaiian faculty and staff, while partnering with and continuing support for Nā Pua No'eau, a successful system wide outreach college preparation program focused on serving Native Hawaiian students in Hawaii; 3) To ensure the University remains competitive and at the forefront of research, innovation and economic development in Hawai'i and the nation.

We asked for Capital Project funds to address health, safety, and code requirements identified by the University, annual Capital Renewal Requirements for major and minor repair and maintenance projects, and the elimination of the University's Deferred Maintenance Backlog due to lack of general funds for R&M over the years.

There was also a means of finance change from General Obligation Bonds approved in Act 134, SLH 2013, to General Funds.

D. Significant Changes to Measures of Effectiveness and Program Size

The Systemwide Programs provide a wide range of services to students, faculty, staff, other government agencies and the general public; and are responsible for compliance with a multitude of applicable Federal, State and University regulations. The University of Hawaii has updated our measures of effectiveness to align performance measures to our strategic outcomes. This will strategically position the University to meet the needs of the State's educational working capital that 55% of Hawaii's working age population possesses a college degree by 2025. These outcomes guide our future priorities and help the University to organize and budget resources efficiently.
