1/ Governor's approval to apply and expend federal grant (federal stimulus funds) were secured on September 17, 2010 and October 18, 2010.
2/ Revenues Projections based on Rev Est at 5&F August 2015.
Intended Purpose:
To foster the development of responsive and reliable cable communications services for the people of Hawaii, by promoting the public interest in authorizations by the State regarding cable franchises; regulate basic cable rates and service to ensure compliance with applicable State and Federal law; expand and operate the statewide institutional network; and continue the availability of public, education and government cable access. Additional responsibilities due to Act 199 tasked CATV to implement activities to create ubiquitous access to high speed broadband at affordable prices throughout the State.

Source of Revenues:
Franchise Fees (HAR 19-132) paid by cable TV operators.

Current Program Activities/Allowable Expenses:
- Issues and enforces franchise laws for cable communications services.
- Promulgates and enforces rules and regulations governing the practices, procedures, quality and quantity of services including rates, and customer and technical operations of cable communications companies.
- Plans and encourages the development of new, improved and more effective utilization of cable communications services, equipment, and facilities including the State's Institutional Network (INET), and public, educational, and government (PEG) access resources and facilities, which will enhance communications service available to Hawaii's citizens.
- Support and private efforts to enhance or facilitate deployment; making recommendations to establish affordable, accessible broadband services to unserved and underserved areas; Increase usage and demand by facilitating deployment of expanded applications such as telework, telemedicine, e-learning; and assist in implementing recommendations in the Hawaii Broadband Task Force Report of December 2008, and the goals of the Governor's Hawaii Broadband Initiative of August 2011.

Purpose of Proposed Ceiling Increase (if applicable):
Not Applicable

Variances:
Variances in revenues from FY 2014 to FY 2015 and future years are due to the increase in the franchise fees collected from cable operators from approximately 4.8% to the 5% limit, allowed pursuant to federal law, which was implemented in FY 2015. Variances in expenditures in FY 2015 to FY 2016 and future years relate to: (1) anticipated management audits other expert consulting services contracts for work related to the Legislature and to assist in anticipated large proceedings (franchise renewals and designation of PEG organizations); and (2) increased broadband activities required of the Department. In addition, FY 2016 expenditures also include FY 2015 encumbrances for expert services.

**Report on Non-General Fund Information**
for Submittal to the 2016 Legislature

**Department:** Commerce and Consumer Affairs  
**Prog ID(s):** CCA-103  
**Name of Fund:** CRF-PUC Spec Fnd Allocation-Consumer Advocacy  
**Legal Authority:** Section 269-33, HRS

**Contact Name:** Michael Wun  
**Phone:** 587-6758  
**Fund type (MOF):** Special Funds (B)  
**Appropriation Acct. No.:** S-XX-303-R

**Intended Purpose:**
To fund the operations of the Division of Consumer Advocacy.

**Source of Revenues:**
Public utility fees paid to the public utilities commission pursuant to HRS §269-30, and placed in the public utilities commission special fund. Pursuant to HRS §269-33, on a quarterly basis, an amount is allocated in accordance with legislative appropriations to the DCA and deposited in the compliance resolution fund.

**Current Program Activities/Allowable Expenses:**
To represent, advance and protect the interests of consumers of regulated utility and transportation services. The division is a party to every proceeding before the Hawaii Public Utilities Commission. The Division participates in, among other things, reviews of utility and transportation companies' requests to increase rates, service reliability investigations, energy utility integrated resource plans, and capital improvement projects for utilities. In addition, the Division strives to promote effective competition and consumer protection through contested cases and rule making proceedings regarding telecommunications and electric power infrastructure development.

**Purpose of Proposed Ceiling Increase (if applicable):**

**Variances:**

**Expenditure variances:** Year to year variances in the expenditures will be primarily driven by PUC proceedings and variances in consultant contracts. The Division relies on assistance from consultants for large and/or complex proceedings. Due to the clean energy and broadband initiatives, the Division anticipates greater reliance on consultants in the future for docket items. Further, due to carryover work from FY 2015 proceedings and other complex matters, such as the NextEra/HECO merger, the expenditures in FY2016 is much higher than FY2015. Subsequently, the estimated expenditures for FY 2017 through FY 2019 only reflect the anticipated level of expenditures for that year. This is also reflected in the variance in the appropriation ceiling, where the increase in FY 2015 and estimated ceiling for 2016 and beyond include approved increases in the Division's budget for consultant services and an additional attorney position.

for Submission to the 2016 Legislature

Department: Commerce and Consumer Affairs
Program (DA): CCA-104
Name of Fund: CRF - Financial Institutions
Fund Type (MOF): Special Funds (B)
Legal Authority: Sections 412.2-168, 449-14, 4680-12.5, 454F-18, 454F-23, 454M-11, and 26-8(9), HRS

Intended Purpose:
To allow the Commissioner to appoint examiners to examine the affairs of financial institutions, escrow depositaries, money transmitters, mortgage loan originators, mortgage loan originator companies, and mortgage servicers; to appoint any necessary administrative support personnel; and to pay for any expenses incurred during examinations or necessary for the education and training of personnel and other expenses related to examinations and administrative costs as well as to support the entire program of the Division of Financial Institutions (DFI).

Source of Revenues:
Transfer of $2 million from taxes paid by banks and other financial corporations (HRS 241-7); and application, examination, licencing, and other fees and fines paid by financial institutions, escrow depositaries, money transmitters, mortgage loan originators, mortgage loan originator companies, and mortgage servicers.

Current Program Activities/Allowable Expenses:
Ensures the safety and soundness of state-chartered and state-licensed financial institutions by fairly administering applicable statutes and rules through a program of supervision and regulation through chartering or licensure, examination, application review, off-site monitoring, investigation, and complaint handling and is also responsible for the licensing, supervision, and examination of escrow depositaries, money transmitters, mortgage loan originators, mortgage loan originator companies, and mortgage servicers.

Purpose of Proposed Ceiling Increase (if applicable):
DFI is currently evaluating a solution to replace the current outdated application used to track DFI’s licensees. Since 2010, these new licensees have been added to DFI’s oversight. These new licensees use a newer application to track and update the licensees’ information. The new licensees are tracked on nationwide multistate application used by 65 state agencies. The licensees have state specific licensing requirements which must be tracked manually since the current application used by DFI cannot interface with the national multistate application. The new application solution will be able to accommodate the state specific license requirements as well as accommodate the multistate applications.

Variances:
FY14 revenues increased because increases in fees assessments of all entities regulated by DFI became effective in FY14. FY15 revenues increased because DFI chartered a new state bank, and FY15 expenditures increased due to personnel expenditures as Division filled vacant positions. FY16 expenditures will increase due to collective bargaining increases (Act 119 SLH 2015), and anticipating additional 5 positions for the mortgage loan originator, mortgage loan originator company, and mortgage servicer programs. FY17 expenditures will increase due to costs related to FIMS replacement.

Phone: 537-6754
Fund Type (MOF): Trust Funds (T)
Appropriation Acct. No.: T-XX-926-R

Intended Purpose:
To allow consumers harmed by persons that violate Chapter 454F, HRS, to recover damages sustained by the fraud, misrepresentation, or deceit of such persons.

Source of Revenues:
Fees paid by mortgage loan originator companies, branch offices of mortgage loan originator companies, and mortgage loan originators upon initial licensure and at annual renewal.

Current Program Activities/Allowable Expenses:
Licenses and regulates mortgage loan originator companies and mortgage loan originators. Mortgage Loan Recovery Fund (Recovery Fund) was established to protect consumers by making it easier to recover losses caused by persons that violate Chapter 454F, HRS. Allowable expenses are the payment of claims as ordered by a court and expenses related to the administration of the Recovery Fund.

Purpose of Proposed Ceiling Increase (if applicable):
Not Applicable.

Variances:
Revenue will decrease in FY16 because the Commissioner determined that the Recovery Fund has sufficient funds to pay known claims, and no fees will be assessed and collected at license renewal. Several claims are pending, and are expected to be paid in FY16. In future FYs, collection from new licensees is anticipated to cover future claims.

Intended Purpose:
To fund the operations of the Business Registration Division.

Source of Revenues:
Corporation, partnership, limited liability company and cooperative registration fees and trademark, trade name, service mark, publicity right filing fees.
Chapter 483E - Franchise filing fees and penalties for franchise violations.
Chapter 485A - Securities fees and penalties: Securities, broker-dealers, agents, investment advisers and investment advisor representatives filing fees and penalty fees for securities law violations.

Current Program Activities/Allowable Expenses:
Register and maintain the registry for public access for corporations, partnerships, limited liability companies, cooperatives, trademarks, trade names, service marks and publicity rights. Review and approve filing applications and investigate, prosecute and enforce substantive regulatory compliance pursuant to State securities and franchise laws.

Purpose of Proposed Ceiling Increase (if applicable):
Not Applicable

Variances:
The variance for FY13-14 actual revenue can be primarily attributed to temporary fee reductions for securities registrations. The variance for FY14-15 actual revenue can be attributed in part to temporary fee reductions for securities registrations from FY13-14 and the lower amount of penalties actually collected during the fiscal year. The variance for FY16 estimated expenditures can be attributed to the comparison of an actual number (FY15) to an estimated number (FY16) that is projected to ceiling.
