Intended Purpose:

.....

The objective of the program is to reutilize federal and state property declared surplus or excess. The fund is maintained in an amount adequate to defray the costs of procuring, storing, handling, and disposing of surplus property donated to the State under any federal act or State rules making surplus federal and state property available.

Source of Revenues: Service and handling fees are charged for acquired property based on the acquisition cost or fair market value of the donated or transferred property. For vehicles acquired from the federal government, a fixed fee is charged.

Current Program Activities/Allowable Expenses:

Funds are used for all costs (payroll and operating expenses) to support the program.

Purpose of Proposed Ceiling Adjustment (if applicable): Not Applicable

Variances: In FY 2014-2017, there was less federal property available and less federal vehicles available for purchase. The high ceiling is necessary to accommodate years when property and vehicles are plentiful and state and county agencies have need for used vehicles.

### **Intended Purpose:**

Implements the information technology recommendations of Auditor's Report No. 09-06; established a Chief Information Officer (CIO) and Information Technology steering committee to organize, manage, and oversee statewide information technology governance. Special Fund established for Chief Information Officer and Information Technology steering committee including the employment of staff and training, and any other activities deemed necessary by the CIO to carry out purposes of Information Technology, CIO and information technology steering committee.

### Source of Revenues:

Three percent of central services fees in addition to funds appropriated in the FY 16 budget appropriation for Department IT projects.

### Current Program Activities/Allowable Expenses:

Provides salaries for seven (7) OIMT positions and funds for IT projects for DCCA and DOT.

Purpose of Proposed Ceiling Adjustment (if applicable):

Not applicable.

Variances:

The variance between fiscal years FY 14 and FY15 are due to the fluctuations of staff salaries and vacancies. The increase to appropriation ceiling in FY 16 is due to additional appropriation for State Department IT projects. The revenue for these projects remained in the departmental special funds so do not reflect in this fund; as Special fund projects are approved in FY 16, the Special fund appropriation will be delegated to the appropriate department special fund where the revenue is deposited, and expenditure will be out of that fund.

Intended Purpose: To establish in the State Treasury the Access Hawai'i Committee (AHC) special fund, into which shall be deposited \$8,000 per month of administrative fees collected by ICSD from Hawaii Information Consortium (HIC), LLC for the purpose of supporting the AHC.

**Source of Revenues:** Assessments for Portal Program Manager, as allowable by Law (Act 101, SLH 2010), including potential 5% annual increases (per Portal Program Manager contract) and interest earned on the fund balance.

Current Program Activities/Allowable Expenses: Expenditures as approved by the AHC to fund a Portal Program Manager and associated support (administrative and operating expenses to administer the program), and for studies of portal direction and services as the portal technology life cycle Purpose of Proposed Ceiling Adjustment (if applicable): None

**Variances**: In June 2013, AHC voted to suspend the \$8,000 per month payment when there is a two-year reserve in place, based on the special fund appropriation ceiling. In July 2014, payments resumed since the two-year reserve threshold increased with increase of appropriation ceiling to \$150,000. Expenditures: FY14 - accessibility services for public participation in meetings, FY15 - Portal Program Manager hiring expenses.

Contact Name: Courtney Tagupa Phone: 391-7971 Fund type (MOF) Special Fund (B) Appropriation Acct. No. S-XX-341-M

### Intended Purpose:

The purpose of this fund is to account for the collection of the surcharges from the wireless phone users and distribution of funds to the Public Safety Answering Points (PSAPs) and wireless carriers to upgrade the 911 system to be able to identify and locate wireless 911 callers. **Source of Revenues:** A monthly wireless enhanced 911 surcharge is imposed on each commercial mobile radio and VoIP service connection

(66 cents per month), collected by the wireless carriers from their customers and deposited into an account outside of the State Treasury.

Current Program Activities/Allowable Expenses: Collect monthly assessments from wireless carriers, disburse qualifying reimbursements to

PSAPs and administrative and operational support to the Board in accordance with Section 138-5, HRS.

# Purpose of Proposed Ceiling Adjustment (if applicable): No Ceiling requested for FY 2019.

Variance - Revenue: With the exception of FY 2017 we have had no variances exceeding 10%. FY 2017 was a non recurring event that that will not be repeated. Revenues are projected to remain stable since the no. of mobile phone users have peaked in Hawaii.

Variance - Expenditures: Expenditures are a combination of current cash outflow to pay for allowable expenses; the paydown of existing encumbrances and the encumbering of future cash outlays or expenditures. The variances are dependent on many variables that may be difficult to predict. None of the variances should not interpreted as a departure from sound financial management.
