## **Department of Defense**

**STATE OF HAWAII  
DEPARTMENT OF DEFENSE  
ORGANIZATION CHART**

# DEPARTMENT OF DEFENSE

## Department Summary

### ***Mission Statement***

To assist authorities in providing for the safety, welfare, and defense of the people of Hawaii.

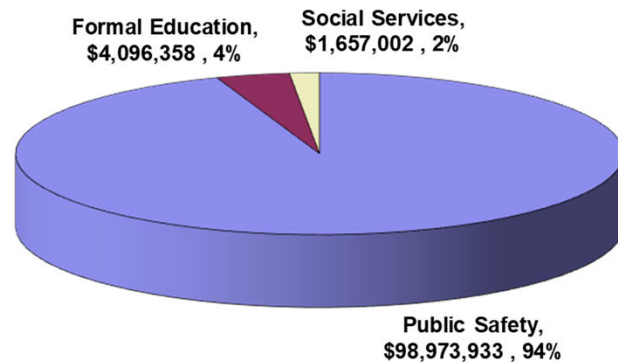

### ***Department Goals***

To maintain readiness to respond to the needs of the people in the event of disaster, either natural or human-caused; to administer policies and programs related to veterans and their families and improve our State Veterans Cemeteries; and to provide at-risk youth with opportunity to obtain their high school diplomas and become productive citizens.

### ***Significant Measures of Effectiveness***

	<u>FY 2022</u>	<u>FY 2023</u>
1. Percent of veterans' services plan achieved	90	90
2. Percent of corps members finding employment within one year of graduation	50	50

**FB 2021-2023 Operating Budget by Major Program Area**  
FY 2022 FY 2023

## DEPARTMENT OF DEFENSE MAJOR FUNCTIONS

- Provides for the defense, safety and welfare of the people of Hawaii.
- Maintains its readiness to respond to the needs of the people in the event of war or devastation originating from either natural or human-caused disasters.
- To meet its federal mission as part of the military reserve component, the Hawaii National Guard, consisting of the Army and Air National Guard divisions, is manned, trained, equipped and ready for call to active duty by the President in times of national emergency. To meet its State mission, the Hawaii National Guard responds when necessary to protect life and property, preserve peace, order and public safety as directed by competent State authority.
- Coordinates the emergency management planning of all public and private organizations within the islands, minimizes the loss of life and property damage, restores essential public services, and expedites the recovery of individuals in the event of natural or human-caused mass casualty situations.
- Administers the Youth Challenge Academy, which serves youth at risk by providing life-transforming experience through training under military-like conditions.
- Office of Veterans Services – Responsible for the statewide administration, conduct, and coordination of all functions and activities prescribed under Chapter 363, Veterans Rights and Benefits, HRS, for veterans and their dependents.
- Office of Homeland Security – Provides a comprehensive program, to protect our people, infrastructure, and government from terrorism and threats of attack as prescribed under Chapter 26, Executive and Administrative Departments, Section 21, Department of Defense.

## MAJOR PROGRAM AREAS

The Department of Defense has programs in the following major program areas:

### **Social Services**

DEF 112 Services to Veterans

### **Formal Education**

DEF 114 Hawaii National Guard Youth Challenge Academy

### **Public Safety**

DEF 110 Amelioration of Physical Disasters

# Program Plan Narrative

**DEF112: SERVICES TO VETERANS**

**06 01 06**

## **A. Statement of Program Objectives**

To enable veterans to achieve and maintain the social and psychological adjustments necessary for success in civilian life; and to assure their burial requirements.

## **B. Description of Request and Compliance with Section 37-68(1)(A)(B)**

The program's operating requests include:

1. Transfers \$143,896A in OCE to payroll to fund defunded positions in both FY 22 and FY 23.
2. Reduces \$254,050A in OCE from non-critical costs.
3. Reduces 2.00A permanent positions that had reduced budget.

## **C. Description of Activities Performed**

Activities include:

1. Develops, implements and maintains a statewide veterans' services network.
2. Provides counseling, information and referral services to veterans and dependents.
3. Provides support services to veterans and dependents for filing benefit claims and appeals review.
4. Provides the means to receive process and resolve veterans' complaints.
5. Supports community and government activities for veterans.
6. Continues to operate the Hawaii State Veterans Cemetery in Kaneohe, Oahu.
7. Provides support and assist the counties to maintain veterans' cemeteries in the neighbor islands.

## **D. Statement of Key Policies Pursued**

Key policies pursued include:

1. Consolidate, streamline and improve on counseling services provided to over 120,000 veterans residing in Hawaii.
2. Improve on information dissemination to veterans and their families and continue to be advocates for them so Veterans' Affairs will grant them their benefits due for their services.
3. Continue to develop, administer and maintain the veterans' cemetery on Oahu and to develop and assist neighbor island counties with veterans' cemeteries.

## **E. Identification of Important Program Relationships**

Important program relationships include:

1. Close coordination and cooperation with key government agencies: Hawaii Departments of Human Services, Labor and Industrial Relations, Health, Land and Natural Resources, U.S. Department of Labor and the University of Hawaii.
2. Coordination with the counties of Hawaii, Maui and Kauai and with the U.S. Veterans Administration to detail their needs and seek monetary assistance and support for veterans' services.

## **F. Description of Major External Trends Affecting the Program**

Major external trends impacting the Veterans Services program include:

1. The budget for FB 2021-23 meets the minimum level required to provide basic information and services as prescribed by the Legislature and the Governor. Due to the COVID-19 pandemic, the general fund revenue is significantly reduced.
2. The Federal budget deficit is expected to limit or slow growth of veterans' benefits and services, placing a greater burden on states to address the needs of veterans.

## Program Plan Narrative

06 01 06

### **DEF112: SERVICES TO VETERANS**

3. The aging veteran population will continue to place added pressure and demand for burial space which is reaching its limit due to the eventual closing of National Federal cemetery space.

4. New worldwide conflicts have increased the number of people that are eligible for veterans' services and present staffing will be challenged to provide timely services.

5. The COVID-19 pandemic has greatly increased the difficulties in providing services to Hawaii veterans as the number of eligible veterans requesting services increase. Present staffing will be challenged to provide timely services. The COVID-19 pandemic has greatly increase the need for internet services.

The COVID-19 pandemic has caused tremendous and serious problems for the Veteran home, which houses Hawaii's senior veterans. These veterans are the the most vulnerable to the deadly disease.

#### **G. Discussion of Cost, Effectiveness, and Program Size Data**

As the number of veterans increase and more veterans become aware of services provided, the demand will also increase. Internet and outreach services have also increased the demand for services of this office. The COVID-19 pandemic has greatly increased the need for internet services and outreach.

In two years, contact with veterans and subsequent caseload has increased by 25% with continued growth expected.

#### **H. Discussion of Program Revenues**

None.

#### **I. Summary of Analysis Performed**

None.

#### **J. Further Considerations**

The veteran population continues to expand as Hawaii's military supports America's war on terrorism. National Guard and Reserves have continued a steady pace of mobilizing personnel over the last two years in support of foreign hostilities in specified countries in the Middle East. The increase in deaths of our aging veteran population and their families have caused the department to request CIP projects to expand cemetery space and to increase the number of niches available statewide.

# Program Plan Narrative

**DEF114: HAWAII NATL GUARD YOUTH CHALLENGE ACADEMY**

**07 01 04**

## **A. Statement of Program Objectives**

To intervene and positively impact the lives of at-risk 16- to 18-year-old high school dropouts by providing the values, skills, education, and self-discipline necessary for successful placement in the post residential phase.

To encourage the cadets to "commit their lives to change" by seeking and enrolling in higher education, become gainfully employed through a vocational trade, or to enlist in the armed service of their choice. Hawaii is one of the five states in the nation that have two Youth Challenge Programs (YCP). The program's target applicants are 16- to 18-year-old "at risk" youths. This includes high school dropouts and teens from homeless families.

## **B. Description of Request and Compliance with Section 37-68(1)(A)(B)**

The program's operating request is:

1. Reduces 41.75 temporary positions (10.25A and 31.50P) and \$2,974,665 (\$612,797A and \$2,361,868P) in both FY 22 and FY 23 for the Hawaii National Guard Youth Challenge Academy (HINGYCA) - Hilo program.

## **C. Description of Activities Performed**

The Residential Phase curriculum and activities are designed to provide each cadet with a rigorous educational program which develops personal and leadership skills. This is achieved through a curriculum that integrates classroom work, community service, physical training, and military themed activities into one unified experience. The program curricula emphasizes nurturing cadets in a quasi-military residential environment. Through the cooperative efforts of Federal, State and program staff, the cadets learn to strengthen families and communities ties.

## **D. Statement of Key Policies Pursued**

It is well-documented that there is an earnings gap between high school graduates and dropouts - an annual difference of nearly \$16,000. Approximately 3,600 youngsters drop out of high schools each year

statewide. These dropouts will cost the State almost \$1.3 billion in lost wages over their lifetime. According to the 2015 State of Hawaii Data Book, only about 82.2% of all students in Hawaii graduate from high school in four years. Additionally, Hawaii would save more than \$92,700,000 in health care costs over the lifetime of each class of dropouts if they earned their diplomas.

## **E. Identification of Important Program Relationships**

HINGYCA has created great alliances and tremendous support from organizations outside of the Hawaii National Guard. This support has come from the Hawaii Department of Education, Waipahu Community School for Adults and their Competency-based programs. The Family Tree Organization provides therapy sessions for the cadets and their families with life coping skills and anger management. Access to Recovery is funded by the State of Hawaii Department of Health, and Adolescent Substance Abuse Counseling Service is provided by the military service. The Boys and Girls Club of America has been a partner of the program for years. A vital part of the HINGYCA has been the Hawaii National Guard Youth Challenge Foundation. It is a 501(c)3 organization that was formed by parents, friends and Hawaii businessmen to support the academy with scholarship funds to encourage Youth Challenge graduates to pursue higher education, vocational or technical training.

## **F. Description of Major External Trends Affecting the Program**

Major external trends impacting the program include:

1. The lack of sufficient operational funding to provide services and supplies during the residential phase of the program.
2. DOD implemented a three-tier classification of education credentials in 1987, which include: Tier 1 for regular high school graduates, adult diploma holders, and non-graduates with at least 15 hours of college credit; Tier 2 for alternative credential holders, including those with a General Education Development certificate of high school equivalency; and Tier 3 for those with no education credentials. Completion of the HINGYCA program has allowed graduates to join the armed forces upon graduation, if they so desire.

## Program Plan Narrative

**DEF114: HAWAII NATL GUARD YOUTH CHALLENGE ACADEMY**

**07 01 04**

3. Lack of funding to provide graduates with post residential vocational training and opportunities.

### **G. Discussion of Cost, Effectiveness, and Program Size Data**

The budget for FB 2021-23 meets the minimum level required to provide basic information and services as prescribed by the Legislature and the Governor. Due to the COVID-19 pandemic, the program experienced a significant reduction in budget, namely the closing of the Hilo Youth Challenge Academy.

Based on the past performance of previous class graduates and percentage of completion, the Kalaeloa Program was approved to increase the "target graduate" goal from 100 to 125 cadets per class cycle.

In order to meet the total target graduate goal for both programs in Hawaii, the program would have to enroll in excess of 240 candidates per class. This is due to the dropout rate of approximately 18% per class cycle. The program provides all meals, uniforms and school supplies to all candidates at the beginning of every cycle. These excess costs are absorbed into the program's budget which was based on 200 graduates per class cycle.

### **H. Discussion of Program Revenues**

The HINGYCA operates on 75% Federal and 25% State matching funds. The increase in funding will cover the expenditures for all attending candidates of each class cycle and for replacement of archaic office equipment, accommodate increases in operational costs; especially utilities, meal charges and general maintenance of facilities. It also takes into consideration budgeting of pay increases and fringe benefits of staff.

### **I. Summary of Analysis Performed**

All YCP are guided by a Master Youth Program Cooperative Agreement between the NGB and the State of Hawaii. This agreement and the National Guard Youth Challenge Operational Instruction encompass the terms and conditions for the operation and training of the program within the State. Guidelines and requirements are established for operational management and resource management of the programs. The manning

model in the cooperative agreement specifies authorized staffing based on the graduation target.

### **J. Further Considerations**

Our program facilities on Oahu are located on a naval base formally known as Barbers Point Naval Station. It was later renamed Kalaeloa where HINGYCA has occupied the present buildings since 1994. The facilities do not meet any of the energy conservation guidelines and initiatives of the 21st century. The facilities at Kalaeloa has out-grown its present capacities to accommodate increase in applicants and attending cadets. The program has submitted a request to the Joint Base Pearl Harbor Hickam Commander's Action Group for consideration to relocating to a new site at Bldg. 140, former Defense Reutilization Marketing Office Building.

Our program is a residential program that requires 24/7 staffing. Most of our staff work in shifts and do not receive overtime pay. Due to the nature of the job, our staff must work beyond their eight-hour shifts. This includes chaperoning cadets on their occasional weekend missions in the community. Consequently, our program has lost a lot of experienced and well-qualified staff.

To offset the deficiency of operating funds and to offer the same standards and requirements, the program has forsaken stipends offered to the cadets. Attending cadets were entitled to a \$10 weekly stipend. This served as an incentive for the cadets to stay in the program. The stipends were used for cadet-specific payments (haircuts, personal health and comfort supplies, repayment of damaged property, vocational programs, some certification/entrance examinations, etc.). Graduation stipends of \$2,000 was also eliminated. A graduation stipend was offered to cadets who successfully graduated from the residential phase of the program and remain in an active placement position in the post-residential phase. This was used as an added incentive to motivate graduates to be gainfully employed, enlist in the armed forces, or enroll in college. It was used to facilitate cadet success and ensure reporting accountability in the post-residential phase.

The program has reduced the number of home passes for the cadets to one per class cycle, due to the high cost of traveling to the outer islands.

## Program Plan Narrative

**DEF114: HAWAII NATL GUARD YOUTH CHALLENGE ACADEMY**

---

**07 01 04**

The program had to cut back on vocational school training offered to cadets. Our cadets attended classes in culinary arts, automotive repair, carpentry and welding offered by community colleges. Due to the lack of funds, the program can no longer afford to send all eligible cadets to these classes.

In the last two class cycles, only 40 cadets were selected to attend lifeguard training classes, welding and nurse's aide training courses. The program wishes to send all qualified cadets or graduates to these classes to prepare them for entry into the workforce.

# Program Plan Narrative

## DEF110: AMELIORATION OF PHYSICAL DISASTERS

09 02 02

### A. Statement of Program Objectives

To minimize deaths, injuries, property damage and economic losses in the event of physical disasters, mass casualty situations, or man-made disasters by providing Administration (ADMIN), Army National Guard (HIARNG), Air National Guard (HIANG), Hawaii Emergency Management Agency (HIEMA), and Homeland Security organizations, adequate manning, training, equipment and readiness to expeditiously respond to both National and State missions and emergencies.

### B. Description of Request and Compliance with Section 37-68(1)(A)(B)

The program's operating requests include:

#### A. Cost Neutral Trade-off-Transfer

1. Transfers \$550,198 in other current expenses (OCE) to payroll to fund defunded positions from various programs in both FY 22 and FY 23.
2. Transfers \$486,684 (\$145,500 in other federal funds (P) and \$341,184 in Federal funds (N)) from payroll to OCE in both FY 22 and FY 23 in various programs.
3. Transfers \$4,947,682 (\$1,609,937A and \$3,337,745P) in OCE within the same program in both FY 22 and FY 23 in various programs.
4. Transfers \$354,466N in OCE to payroll to fund the increase in salary due to position reclassification in both FY 22 and FY 23 in various programs.
5. Adds 2.00N permanent positions and 4.00P temporary positions in both fiscal years; and transfers \$537,240 (\$226,125N and \$311,115P) in OCE in FY 20 and \$636,656 (\$226,125N and \$410,531P) in OCE in FY 21 to payroll in various programs.
6. Transfers 3.00A positions and \$158,868A between programs in both FY 22 and FY 23.

#### B. Other Requests

1. ADMIN - Adds \$1,000,000A in both FY 22 and FY 23 for airport thermal device maintenance.
2. HIEMA - Adds 2.50A permanent positions and \$399,996A in both fiscal years to fully fund the leadership positions; and reduces 2.50N permanent positions and \$199,998N in both FY 22 and FY 23.
3. Reduces 12.00 permanent positions (9.50A, 1.00N and 1.50P) and 16.75 temporary positions (13.25A, 2.00N and 1.50P) from various programs in both FY 22 and FY 23.
4. Reduces \$768,902 in non-critical operating expenditures in both FY 22 and FY 23 from various programs.
5. ADMIN - Reduces 1.00A temporary Security Officer position and \$40,000 in both FY 22 and FY 23.
6. HIEMA - Reduces 3.00 (2.00A and 1.00P) temporary positions and adds 3.00 (2.00A and 1.00P) permanent positions as a legislative correction.

The department's capital improvement project (CIP) requests include:

1. Adds \$2,500,000/General Obligation Bonds (C) in FY 22 and FY 23 for the Disaster Warning and Communication Devices, Statewide.
2. Adds \$3,000,000/C in FY 22 and FY 23 for the Retrofit Public Buildings with Hurricane Measures, Statewide.

### C. Description of Activities Performed

ADMIN functions include:

1. Provides executive management and control of the department's programs and activities.
2. Provides coordination of the department's planning, programming and budgeting activities and financial and property management activities.

# Program Plan Narrative

## DEF110: AMELIORATION OF PHYSICAL DISASTERS

09 02 02

3. Provides State personnel support activities for the department.
4. Provides engineering services for the department's construction, repair and maintenance, real property management, and fire protection programs and activities.
5. Plans, develops, directs, and administers the department's community relations, and public and internal information programs.

HIARNG and HIANG functions include:

1. Provides for the command and control of all units and activities to include total planning, formulating goals and objectives, and supervising the activities of subordinate units.
2. Provides for the operations and training of all units and activities to include development of operational and training plans, coordination of support to civil authorities and administration of the Hawaii Military Academy.
3. Provides disaster assistance and helicopter support to State and county civil defense and law enforcement agencies for disaster emergencies and drug reduction and prevention efforts.
4. Provides military units to support our nation's "War on Terrorism" by deploying and participating in Operation Iraqi Freedom and Enduring Freedom.

HIEMA functions include:

1. Reviews, prepares, coordinates, updates and/or publishes Emergency Preparedness Plans, State and County Emergency Communications Plans and State Telecommunications Branch Maintenance guides, instructions and standard operating procedures.
2. Maintains plans for and administer State-federal disaster relief assistance.
3. Continues activities in disaster preparedness, mitigation, response, and recovery.

4. Develops and executes a realistic training and exercise program designed to assist assigned and volunteer personnel at the State and county levels to attaining a high level of proficiency in their execution of emergency management missions.

5. Establishes and maintains effective relationships with emergency management personnel at county, State, private, and federal levels.

6. Applies for and executes appropriate grants to obtain federal funds for Emergency Management Programs: preparedness, response, mitigation, and recovery.

7. Continues to develop and improve statewide emergency management infrastructure which emphasizes emergency operating center preparedness; redundancy of systems and multiple means of communications; enhancement of the State Siren System and the Emergency Broadcast System.

Homeland Security Office functions include:

1. Strengthens information sharing, collaboration, and communications.
2. Strengthens cyber capabilities; enhances fusion capabilities.
3. Strengthens Medical Surge and Mass Care Capabilities, Whole Community Planning and Preparedness, to include: resilience, public-private partnerships, climate change, interoperability, FirstNet, grant management, homeland security training and exercise, critical infrastructure and synchronization of sectors and the lifelines, alignment/development/update of policies, functions, responsibilities, authorities, and resourcing.

### **D. Statement of Key Policies Pursued**

To further the objective and policies of socio-cultural advancement with regard to public safety, as provided by the Hawaii State Plan, Section 226-26, Hawaii Revised Statutes. All activities must contribute toward the total readiness posture to ensure units are capable of carrying out their assigned missions effectively with minimum delays.

# Program Plan Narrative

09 02 02

## **DEF110: AMELIORATION OF PHYSICAL DISASTERS**

### **E. Identification of Important Program Relationships**

The most important program relationship involves the Federal-State missions and the responsibilities as well as funding support for all programs. Because of the dual Federal-State mission, the Federal government, through the National Guard Bureau and Federal Emergency Management Agency, retains control through the allocation of units, personnel strength and/or funds.

Other important program relationships involve the following agencies who either have primary responsibilities to assist with providing for the health, welfare, and safety of citizens or control available resources in the event of disasters.

1. Federal Government: National Oceanic and Atmospheric Administration; Army Corps of Engineers and other local military commands of the Department of Defense; Department of Health, Education and Welfare; Department of Housing and Urban Development; Department of Agriculture; Department of Transportation; Small Business Administration; General Services Administration; and the Atomic Energy Commission.
2. State Government: Departments of Transportation, Land and Natural Resources, Agriculture, Health, Taxation, Business, Economic Development and Tourism, Budget and Finance, Human Services, Commerce and Consumer Affairs, Labor and Industrial Relations, and the Attorney General.
3. County Government: County Civil Defense/Emergency Management agencies and law enforcement agencies.
4. Private Sector: American Red Cross, Salvation Army, and church groups which provide assistance to individuals affected by a disaster.

### **F. Description of Major External Trends Affecting the Program**

None.

### **G. Discussion of Cost, Effectiveness, and Program Size Data**

1. Due to the COVID-19 pandemic, general fund revenue budgeted for the department is significantly reduced.
2. Department of Defense (DOD) total budget for FY 22 is \$104.7 million annually, of which \$81.5 million or 71.5% federal funds. The State's general fund of \$23.2 million in FY 22 provides for shared costs to manage and administer the National Guard, HIEMA, maintenance of all State-owned and Federal licensed facilities used by the department and administrative costs.
3. The effectiveness measures for the program is based on the capability and readiness of the HIARNG to accomplish both Federal and State missions. The measures are expressed in terms of organization and people; plans and training; and supplies and equipment required to maintain a desired readiness level of 86% for personnel, 91% for logistics, and 78% for training.
4. The effectiveness measures for the program is based on the capability and readiness of the HIANG to accomplish both Federal and State missions. The measures are expressed in terms of organization and people; plans and training; and supplies and equipment required to maintain a desired readiness level of 95% for personnel, 90% for logistics, and 90% for training.
5. It is at these selected levels of readiness that there is a high level of confidence that the organization will be able to fulfill their given missions and meet the readiness level as specified in the Hawaii State Plan.
6. The effectiveness measures for the program is based on the capability and readiness of HIEMA to accomplish both Federal and State missions. The measures are expressed in terms of organization and people; plans and training; and supplies and equipment required to maintain a desired readiness level of 75% for personnel, 82% for logistics, and 75% for training.

## **DEF110: AMELIORATION OF PHYSICAL DISASTERS**

---

The program size data reflect as a target group the visit or population of the State that may be exposed to physical and health related disasters or pandemic. Additionally, the target group includes all public, commercial businesses and private establishments and properties that are subject to losses or damages from physical disasters or health related pandemic.

### **H. Discussion of Program Revenues**

Federal funds for HIARNG and HIANG are derived as reimbursement for operational and maintenance services provided by the State under six negotiated contracts between the State and the National Guard Bureau (NGB). There are also four 100% Federal fund contracts with NGB. With the reduction of military construction funds, an increase of 10 to 15% in minor construction funds is anticipated each year. Federal funds for HIEMA are received on a 50-50 matching fund basis for most of the personnel and administrative expenses. In addition, there are six 100% Federal fund contracts which are negotiated annually.

### **I. Summary of Analysis Performed**

DOD has been on point for the COVID-19 pandemic. HIARNG and HIANG personnel have been servicing for months carrying out COVID-19 prevention and quarantine. This has placed a strain on the manpower and funding for the DOD.

### **J. Further Considerations**

The budget for FB 2021-23 meets the minimum level required to provide basic information and services as prescribed by the Legislature and the Governor. Due to the COVID-19 pandemic, the general fund budget is significantly reduced.

---
