- Use one form for each CIP request.
- Each form shall provide the details for a single project request or a lump sum request that includes many specific projects for which a well-defined scope of work shall be provided for each project.
- Departments that require additional scope of work sections for lump sum requests should contact their Department of Budget and Finance (B&F) analyst. See section regarding "Scope of Work by Cost Element (Project #1 :)" for additional instructions.

Scope of Work by Cost Element (Project #1 :)

This section should be used to provide the breakdown of the scope of work by cost element and cost. A single project will have one scope of work section to complete, but a lump sum project may have several.

Departments that require additional scope of work sections for lump sum requests should contact their Department of Budget and Finance (B&F) analyst. Please be prepared to inform your analyst of the maximum number of scopes of work sections that will be required for your department's Form CIP Details. For example, a lump sum project request to fund 20 specific projects would require 20 scope of work sections on a single Form CIP Details. A revised file will be emailed for your use and may be used for your department's lump sum requests (delete excess scope of work sections).

Please complete "Project #1 :11 information with the project title (e.g., Project #1: Royal Elementary School, Renovate Classrooms to Library, O'ahu). Lump sum requests with multiple specific projects should change the project number and list the project title (e.g., Project #3: Kaimuki High School, Renovate Auditorium, O'ahu) for each subsequent scope of work section.

Cost Element

Indicate the cost element of the portion of the scope of work to be detailed, as follows:

- P- Plans
- L Land Acquisition
- D- Design
- C Construction
- E Equipment

Totals by cost element should be the same as the totals by cost element from Table P for the respective project.

Work to Be Done

Indicate the specific planning, land acquisition, design, construction or equipment costs to be funded, as applicable. Taken together, the information provided in this column should provide a clear scope of work for the project.

Means of Financing (MOF) and Amount

Enter the MOF and the amount of funds proposed to fund the related "work to be done." Totals by MOF should match those from the Table P and Form S (Biennium).

Total by MOF and Cost Element

Totals, including breakdowns by MOF and cost element, will be automatically computed. Formulas have been entered on these lines to compute the totals automatically. Totals by MOF and cost element should match those from the Table P and Form S (Biennium).

If "Error" appears in "Total" cells, the information in the column is not balanced. Please check to ensure that the cost element and MOF information is entered and that the total of the scope of work sections is equal to the new request section.

INSTRUCTIONS FOR BJ SUMMARY TABLES UPDATE BUDGET NARRATIVES CIP REQUESTS (FY 23 SUPPLEMENTAL BUDGET)

1. Update of BJ Summary Tables

- a. Update the BJ Summary tables for Act 88, SLH 2021, including transfers from other departmental budget acts as approved by the Governor on August 18, 2021, (to be referred to as "Act 88, SLH 2021, including transfers") according to the following instructions which apply to all means of financing (MOF):
 - FY 20 no changes (should already reflect actual expenditures).
 - FY 21 reflect actual expenditures.
 - FY 22 no changes (do not change any FY 22 amounts since they already reflect Act 88, SLH 2021, including transfers)
 - FY 23 reflect the Governor's final Executive Supplemental Budget decisions.
 - FYs 24 through 27 position counts and all operating costs shall be kept constant (i.e., same as FY 23) throughout the planning period.

Exceptions: Debt service; Employees' Retirement System; Employer-Union Trust Fund employer contributions, including annual required contributions; and Department of Human Services' entitlement programs should reflect projected requirements.

BJ Summary updates are due by December 1, 2021, reflecting the Governor's final decisions.

The update of your BJ Details, reflecting the Governor's final decisions, shall also follow this guidance and must be completed by December 23, 2021.

b. Other than the Department of Education, University of Hawaii and Department of Transportation, all departments are required to use the Department of Budget and Finance's (B&F) web-based operating budget system (eBUDDI) for the updating of the BJ Summary tables and BJ details.

Departments with their own automated budget systems should submit an electronic file of their BJ Summary tables via email to the assigned B&F analyst and to Mr. Gregg Hirohata-Goto of our office at gregg.h.hirohata-goto@hawaii.gov.

2. Budget Narratives

- a. All budget narratives shall be completed in eBUDDI. Refer to narrative sample format and instructions. Do not exceed one page, if possible.
- b. Discuss the Governor's final approved Supplemental Budget requests in the budget narrative in Section B (Description of Request), Section C (Reasons for Request), and Section D (Significant Changes to Measures of Effectiveness and Program Size). See attached narrative sample format.
- c. Narratives are required only for program IDs with operating and/or CIP changes. Narratives are prepared at the program ID level; i.e., do not prepare separate narratives for organization codes within the program ID.

3. <u>CIP Requests</u>

- a. All departments are required to use the B&F web-based CIP system (eCIP) to update CIP tables and to prepare supplemental CIP budget requests as allowed under II.B.
- b. Table Ps have prepared to reflect the project titles, descriptions, and appropriation amounts in Act 88, SLH 2021. Table Qs should also reflect Act 88, SLH 2021. Please note that we will request that all appropriations from Act 88, SLH 2021, to be included in the Supplemental Budget in order to include breakdowns by cost element for those projects.
- c. All departments may start using eCIP immediately to: 1) update Table Q to reflect Act 88, SLH 2021, if not already completed; and 2) prepare requests for funding as allowed by these instructions.

Complete all fields on Tables P and Q for all funding requests, including entering a unique priority number and Senate and House districts on Table P for each supplemental budget request. Enter the capital project justification (Table R) through eCIP. See attached samples of Tables P, Q, and R.

Tables P, Q and R must be updated to reflect Governor's decisions for all approved requests.

d. Form S-FY 23 Supplemental (Excel file downloaded from eCIP) shall be used to identify appropriations for trade-offs or lapsing, and to summarize supplemental CIP requests. <u>The requests shall be listed in priority order using</u> <u>unique priority numbers from Table P</u>; requests with multiple MOF shall be listed multiple times by MOF.

Proposed trade-offs or lapses and request category must be manually input on Form S-FY 23 Supplemental after the file is downloaded from eCIP. Departments shall use the prefilled Form S-Supplemental, which will provide all appropriations from Act 88, SLH 2021, as well as changes (language, \$) from Act 88, SLH 2021, for their CIP budget submittal.

- e. Forms CIP Op and CIP Op B shall be used to indicate operating costs associated with each respective CIP request. These forms must be updated to reflect Governor's decisions.
- f. Form PAB (revised October 2020) must be completed and submitted for every request funded by G.O. and G.O. Reimbursable bond proceeds. Form PAB must be updated to reflect Governor's decisions. Questions are self-explanatory; however, B&F will endeavor to respond to written inquiries regarding Form PAB.

In order for G.O. and/or G.O.R. bonds to qualify for federal tax-exemptions, the Internal Revenue Code (IRC) requires that bond proceeds be used only for governmental purposes. Non-governmental (i.e., private activity uses) purposes do not meet IRC requirements in most situations. To better track the use (governmental versus non-governmental) of projects financed by G.O. and G.O.R. bond proceeds, expending agencies undertaking G.O. and G.O.R. funded projects are responsible for monitoring project use and reporting to B&F at certain stages of the project.

Departments are reminded that **Form PAB** must be reviewed and updated, if necessary, and submitted with current date and signature as the project progresses, as follows:

- At initial request for allotment/release of G.O. or G.O.R. bond funding for project planning and/or design;
- At subsequent request(s) for allotment/release of G.O. or G.O.R. bond funding for project land acquisition, construction, and/or equipment; and
- Upon completion and acceptance of the project.

If the proposed use of a project changes at any time to include non-governmental purposes, departments are required to request the approval of the changes by updating the **Form PAB** for the project and submitting the updated form to B&F for its approval. This would also include proposed changes in use of the project that have occurred subsequent to its completion for the life of the bond.

In addition to the federal rules, please be advised that Section 39-14(b), HRS, requires that ". . . no state officer or employee, or user of a project or program shall authorize or allow any change, amendment, or modification to a project or program financed or refinanced with the proceeds of the bonds which change, amendment, or modification thereto would affect the exclusion of interest on the bonds from gross income for federal income tax purposes unless the change, amendment, or modification shall have received the prior approval of the director of finance. Failure to receive the approval of the director void."
